31 August (Thursday)											
11:00-17:00		Pre-Congress Workshops									
17:00-19:30		Opening Ceremony									
1 September (Friday)											
Time	Hall AB	Hall C	Theatre 1	Theatre 2	S221	S223	S224&S225	S226	S227	S228	
08:00-09:00	1977 - 2017 : 40 Years of Endoscopic Sinus and Skull Base Surgery : Lessons Learnt Well - and Less Well	Chronic Rhinosinusitis: When East meets West			Finesse in Rhinoplasty						
09:00-10:30	Chronic (eosinophilic) Rhinosinusitis : New Strong Evidence of Fungal Involvement	Updates in CRS Management I	Olympus sponsored Endoscopic Sphenoidectomy	Update of the Management of Inverted Papilloma	Nasal Reconstruction and Septoplasty	Updates in OSA Management I	Sinonasal Tumor I				
10:30-11:00	Break										
11:00-12:30	Advancing Endoscopic Orbital Surgery	Updates in CRS Management II	Olympus sponsored Endoscopic Medial Maxillectomy and Approach to the Pterygopalatine Fossa and Infratemporal Fossa	Future Direction in the Treatment of Olfactory Disorders Combined Medications for Allergic Rhinitis: Which and How It Works?	Updates in Rhinoplasty I	Updates in OSA Management II	Skull Base Reconstruction				
12:30-14:30	Olympus Sponsored Lunch Symposium 4K Endoscopic Sinus Surgery in Action	Lunch									
14:30-16:00	Global Challenges in Allergic Rhinitis	Complications in ESS	Karl Storz sponsored Endoscopic Approach to Frontal sinus, Orbit and Optic Nerve	How to Use Autologous Cartilage in Rhinoplasty Pearls of Rhinoplasty for Young Surgeons	Drug Induced Sleep Endoscopy (DISE)	Pathophysiology of CRS I	Difficult Rhinological Condition	Free Paper Presentation	Free Paper Presentation	Free Paper Presentation	
16:00-16:30	Break										
16:30-18:00	Controversies in SLIT	Sellar and Parasellar Surgery	Medtronic sponsored Pre Lacrimal Recess Approach to Maxillary Sinus Orbital Decompression and Endoscopic DCR	Sinonasal Malignant Tumors: Treatment Options and Outcome Overview Surgical Approaches to the Frontal Sinus	New Technology in Rhinology	Block Nose and Rhinorrhoea	Asian Rhinoplasty	Free Paper Presentation	Free Paper Presentation	Free Paper Presentation	
2 September (Saturday)											
Time	Hall AB	Hall C	Theatre 1	Theatre 2	S221	S223	S224&S225	S226	S227	S228	
08:00-09:00	Anatomy of the Paranasal Sinuses and Skull Base and Its Surgical Applications	MEDA sponsored Measuring Success of Allergic Rhinitis Management – A Clinically Relevant Approach			State-of-the-art Rhinoplasty	Measuring Success of Allergic Rhinitis Management					
09:00-10:30	Sinus Surgery in Patients with Inherited Disorders of Mucociliary Clearance	Updates in CRS Management III	Olympus sponsored Transsellar and Transplanum Approach Transcribiform Approach	Bayer sponsored Current Concepts in the Management of Allergic Rhinitis: Evidence Based to Real Life Office Rhinologic/Sinus Surgery	Paediatric Rhinology	Updates in Rhinoplasty II	Orbital and Lacrimal Surgery		Free Paper Presentation		
10:30-11:00	Break										
11:00-12:30	Management of CSF Leak	Updates in CRS Management IV	Medtronic sponsored Endoscopic Modified Lothrop Procedure, Inside Out Endoscopic Modified Lothrop Procedure, Outside In	Upper Airway Stimulation for OSA: The Future is Now How to Integrate Allergy Management to Your Practice	Small and Taste Disorders	Updates in Rhinoplasty III	Frontal Sinus Surgery	Free Paper Presentation	Free Paper Presentation		
12:30-14:30	Medtronic Sponsored Lunch Symposium Navigating through Challenges of Sinus and Skull Base	Lunch									
14:30-16:00	Management of Refractory CRS	Sinonasal Tumor II	Karl Storz sponsored Open Rhinoplasty and Nasal Tip Management Endonasal Techniques for Dorsum and Tip Modification	Grafts in Rhinoplasty Titanium Implants in the Nose to Stabilize Soft Tissue Structures: A New Frontier Principles in Correction of Cleft Lip Rhinoplasty	Asia Pacific Sleep Symposium I	Microbiology & Innate Immune	NPC: From Screening to Salvage Surgery	Free Paper Presentation	Free Paper Presentation		
16:00-16:30	Break										
16:30-18:00	Difficult Frontal Sinus Diseases	Skull Base Surgery I	Karl Storz sponsored Transclival Approach to the Skull Base	Adequate Investigations in the CRS Patient Sinonasal Epithelium in CRS - More Than Just a Great Wall	Asia Pacific Sleep Symposium II	Pathophysiology of CRS II	Management of Suboptimal Rhinoplasty	Free Paper Presentation	Free Paper Presentation		
19:30-22:00	Gala Dinner										
3 September (Sunday)											
Time	Hall A	Hall B	Hall C	Theatre 1	Theatre 2	S221	S223	S224&S225	S226	S227	S228
08:00-09:00		Lessons From the East, from Genetics to Minimally Invasive Surgery	Pearls in Rhinoplasty			OSA: Why We Need Other Treatments: Positional Therapy and Hypoglossal Nerve Stimulation					
09:00-10:30	Treatment of Allergy	Management of Challenging Benign Sinonasal Tumors	Updates in CRS Management V	Olympus sponsored Expanded Frontal Approach to Frontal Sinus and Front to Back Frontal Sinus: Trephination, and Back to Front	Clinopathological Features of Invasive Type of Aspergillosis in Paranasal Sinuses - Diagnosis and Treatment Local Anesthesia for FESS - Master the Art	Training in Rhinology	Updates in OSA Management III	Nasal Reconstruction and Functional Rhinoplasty	Free Paper Presentation	Free Paper Presentation	
10:30-11:00	Break										
11:00-12:30	Inverted Papilloma	Skull Base Surgery II	Updates in CRS Management VI	Medtronic sponsored Endoscopic Approach to the Sellar, Parasellar and Transpterygoid Approach to the Meckel's Cave	Update of Nasal Airway Function Tests – From Old Standards to High Tech Information Comprehensive Surgical Management of the Turbinates	Fungal CRS	Updates in OSA Management IV	Updates in Rhinoplasty IV	Free Paper Presentation	Free Paper Presentation	
12:30-14:30	Lunch										
14:30-16:00	Juvenile Angiofibroma	Epistaxis and Facial Pain	Updates in CRS Management VII	Olympus sponsored Centipetal Technique Dissection for Sinuses and Skull Base Endoscopic Reconstruction after EEA, Vascular Control and Complication of ESS	Orbital Complications Secondary to Rhinosinusitis - Cutting Edge		Miscellaneous in Rhinology	Updates in Rhinoplasty V	Free Paper Presentation	Free Paper Presentation	
16:00-16:30	Closing Ceremony		End of Congress
